MIKE KIDUSHIM

949-302-7401   mkidushim@gmail.com   Lake Forest, CA   http://mkidushim.net/

- SUMMARY

I am a full stack web developer, currently working full time at Fusion of Ideas in Lake Forest, CA. I do freelance projects on the side as well. I have passion for solving complex problems with clean, elegant solutions. I'm proficient in web programming languages such as HTML5, CSS3, JavaScript, PHP, and SQL. In my free time, I enjoy continually building on my skills by studying advancements in industry trends and new technology.

- SKILLS

HTML5	REST API	Javascript	LAMP Stack	AJAX	SQL	SSH
Bootstrap	Angular	React	Material Design	jQuery	PHP	GIT
Rack Space	Linux	Bash Shell	Command Line	PostMan	AWS	CSS3
Sublime Text	xdebug	Authorize.net	Google Analytics			

- EXPERIENCE

FULL STACK WEB DEVELOPER, FUSION OF IDEAS; LAKE FOREST, CA — 2015-PRESENT
- I helped optimize our front end work flow by implementing a Model-View-Controller Architecture; this helped cut down on development time by 20%.
- I implemented the use of Postman/Xdebug across our team which increased our productivity by 15% by cutting down on time testing code, writing documentation, and debugging.
- I built an admin portal and backend for iOS app for The United States MotorSports Association.   I built a pdf template builder with html5 canvas, that cut down on setup time by 35%, this allowed each track to upload their own form instead of having an admin upload each form for them.
- Southern Industrial Constructors is an enterprise system for management of forms and accounting data, that includes an IOS app and Admin Portal. The new system I implemented cut down on costs by 20% and increased efficiency by 30%.
- I developed an e-commerce donation platform used by Mission Hospital during breast cancer awareness month at The Shops at Mission Viejo that included an Admin Portal, Web App, and TVOS App.
- The TVOS app displayed data being collected by the web application and the Think pink instagram page that is managed/approved using an admin portal.
- The previous year fusion of ideas had built a similar donation platform but the platform I built and optimized increased donations from 70k the previous year to 90k this year.

OFFSITE WEB DEVELOPER, LEARNING FUZE; IRVINE, CA — 2015
- I mentored new students helping them navigate the difficulties of attending a web development bootcamp and how to get the most out of it.

- EDUCATION

GOLD LEVEL GRADUATE, LEARNING FUZE; IRVINE, CA — 2015
- Completed intensive 12 week full immersion web development bootcamp which required 12 hours per day during the week and 8 hours per day during the weekends of coding which represents more than 890 hours of web development training.
- Garnered skills and real-world workplace knowledge in a project oriented environment modeled after those found in development companies. Also received the highest average test scores.

COMPUTER SCIENCE, SONOMA STATE UNIVERSITY; ROHNERT PARK, CA — 2008-2010
- Completed 2 years of Undergraduate Computer Science Courses.
